

Dalmia Bharat Group begins Procurement Digitization Journey with **VENDX**

On 4th July, 2019 **Dalmia Bharat Group** launched '**Project गATI**' to standardize Procurement Process through Digitization to reduce Transaction Time, building Transparency in Decision-Making and Simplifying Audit.

The Procurement Digitization Platform **VENDX** will add significant value in functioning of Procurement and IT team by improving information intelligence and providing administrative ease.

It will also provide the management significant financial advantage through optimized procurement, better accountability and enhanced legal compliance.
