Ebizchem Pvt Ltd.,
Ahmedabad.

Dt: 17th Oct, 2002

Dear Mr. Suhrid,

Dupont, is pleasantly surprised with the quality of 'Survey Report' provided by Ebizchem Team for our Sourcing plan related to India.

It reflects clearly on your in-depth knowledge of Indian markets and your capabilities to understand complex chemistries and chemical processes. I very much appreciate the logical way in which you manipulated your exhaustive data of Indian manufacturers, to identify the most competent manufacturers based on the chemistries involved for manufacturing of our products. It was highly appealing for me to see an Indian company providing such exhaustive information on relevant companies in such a short time.

I am sure that this report will assist us immensely to bring down our risk, time and cost of identifying competent sources of fine chemicals required by us from India.

Most importantly, I must commend each member of Ebizchem Team for the dedicated and highly impressive efforts provided by them.

I wish Ebizchem all the success and would surely come back to you for any such requirements in future.

For E.I. Dupont India Ltd.

(Mr. Aditya. Verma)
Manager - Sourcing
