LETTER OF APPRECIATION

To, MavenVista Technologies Pvt. Ltd. - Ahmedabad

We sincerely appreciate the successful implementation of the end-to-end Logistics Procurement Solution delivered on the VENDX platform.

The overall solution has streamlined our logistics sourcing process, covering RFQ creation, authorization workflow, system validations, and seamless integration with SAP. A key component of this solution includes the automated integration between VENDX and SAP, enabling authorized Logistics RFQs to flow directly into SAP for document creation without manual intervention.

Key highlights of the implemented solution include:

- Structured Logistics RFQ creation and authorization workflow
- Complete process visibility and control within VENDX
- Automated integration between VENDX and SAP
- Post-go-live stabilization and continuous support

The end-to-end automation has significantly improved operational efficiency, reduced turnaround time, and minimized manual dependency across teams.

We commend the team for their technical expertise, structured execution, and continuous support throughout implementation and post-go-live stabilization. The solution is operating successfully and meeting our business expectations.

We extend our appreciation for the dedicated efforts and professional commitment demonstrated in delivering this integrated logistics solution.
